

## Brands by Norpe

- aesthetics and quality
- easy transportation and assembly
- low price and energy consumption
- easy maintenance

Available in 56 models, equipped with high-density 85mm foam core insulation panels and two versions:

- with floor, for negative temperatures.
- without floor, for positive temperatures.

Available in 2 heights (2 and 2,40 with floor, and without floor 2,03 and 2,43), Isark is ideal for small spaces and is the perfect solution when a refrigerator is no longer enough.

### Fully equipped

ISARK plus cold room can be supplied fully equipped: competitive refrigeration monobloc and aluminium shelving, interior and exterior baseboards, sanitary profiles, pressure balancing valves for negative temperature cold rooms, etc.

monobloc unit

### With floor
